

Assistant Professorships

Università Bocconi, Milan (Italy, www.unibocconi.eu) invites applications for tenure-track and postdoc positions at the junior faculty level in the Department of Decision Sciences.

There will be a special emphasis for the areas of:

- Applied Mathematics/Optimization
- Applied Statistics and Demography
- Decision Theory and Game Theory
- Econometrics
- Population and Family Economics
- Probability and Theoretical Statistics
- Quantitative Operations Management
- Quantitative Social Sciences

and related fields.

Knowledge of Italian is neither required nor advantageous. Responsibilities include teaching and, most importantly, productivity in research. Preference will be given to the most qualified candidates independently of their specific field of research. Applicants should have — or be close to completing — a Ph.D. and proof of having established potential in research and teaching.

Compensation and teaching load will be competitive with other top European Schools.

Application must be submitted online at

www.unibocconi.eu/jobmarket

Applications should be received preferably by **December 10, 2010**

Candidates whose fields of interest are Decision Theory and Game Theory, Econometrics, and Population and Family Economics (and related fields) may be interviewed at the 2011 ASSA meetings in Denver.
