**Summary:** The Committee scrutinized the applications received for the position of Assistant Professor. In particular, 2 positions were open. The first selection was made on the basis of the CV and additional materials provided by the candidates. Based on this evaluation, 12 candidates were selected for the second step of the assessment, consisting in an online interview with the Hiring Committee and a seminar for the faculty. This step enabled the committee to make a more informed assessment about the potential of the candidates and, consequently, to make a more effective evaluation about the probability of a successful tenure track given the present tenure requirements at Bocconi. The result of this second step was the choice of 7 candidates who were invited for a set of one-to-one online meetings with faculty members. Each of the candidates who had been offered an online flyout discussed their research and had one-to-one interviews with most of the department faculty. This process resulted in a ranking of these candidates, which we use to advance our offers. Five offers were declined and one offer was accepted. As a result, this selection process ends with 1 position filled out of two.

**Evaluations:** In this section, we provide a very brief overview of the quality of the candidates who have been offered a flyout.

**OMISSIS**

**Varga, Marton:** Ph.D. in Marketing from INSEAD, expected in 2021. <...> **OMISSIS** <...> he was offered a position, and he accepted.

In conclusion, the Department received applications from 49 candidates, of whom 7 were invited for flyouts, and 6 were offered a position. Five offers were declined, and one offer was accepted. As a result, this evaluation procedure ends with only 1 position filled out of two.

Sincerely,

Andrea Ordanini (on behalf of the Hiring Committee)
