Final Report – Milan, 15 June 2020 (by the committee coordinator, Andrea Colli)

Summary: The Committee scrutinized the applications received for the position of Assistant Professor. The first selection was made on the basis of the CV and additional materials provided by the candidates in order to assess the fulfilment of the formal conditions for application. In a second stage, candidates were selected according to the quantity and quality of their scientific production. This step was necessary in order to assess the probability of a successful tenure-track performance given the present tenure requirements at Bocconi.

Among the 5 applications that fulfilled the formal conditions the Committee recommended campus visits for two candidates: Grace Ballor and OMISSIS.

We provide here an overview of the qualifications and research profiles of the candidates who were invited for a campus visit.

Grace Ballor: Ph.D in History from University of California Los Angeles. She currently holds a joint postdoctoral fellowship at the European University Institute in Florence (Max Weber Fellowship) and the Graduate Institute in Geneva. Grace Ballor is an international economic historian whose research is on twentieth century economic globalization and market integration with a focus on the European economy.

OMISSIS

After a thoroughly discussion, based on the evaluations of the performance of the different candidates during the online interview, on their fit with the department and with the object of the call, the Committee unanimously agreed to make an offer to Grace Ballor, who accepted.

Sincerely,

Andrea Colli (Head of Department Hiring Committee)
