

PLAYERS RECRUITMENT 2018/2019

MALE BASKETBALL PLAYERS RECRUITMENT 2018/19

Bocconi Sport Team Basket Club is now opening the recruiting for the new season. The Club has two male teams: the first team who competes in the Federal Serie C silver (three practice a week + game during weekends) and a second team that will compete in a provincial league (one practice a week + game during the week).

All players interested should send their CV to pellicani@unibocconi.it. The first team will close its roster by the end of June, the second team by mid-September.

FEMALE BASKETBALL PLAYERS RECRUITMENT 2018/19

Bocconi Sport Team Basket Club is now opening the recruiting for the new season. The Club has a female team that competes in the UISP Provincial league .

All players interested should send their CV to bocconisporteam@unibocconi.it, specifying "pallacanestro femminile" in the object and telling us about your previous basketball experiences as well as your Student ID number, name, surname, phone number, role, the current degree you are studying, in addition to what year of the course you are in.

MALE VOLLEYBALL

For the next competitive season the male volleyball team is going to start again from Serie C FIPAV with a formation made up of Bocconi students.

Do you want to be part of this project? Tell us about your interest, by Friday 1 June, via email to the coach's address: maurizio.latelli@gmail.com, specifying "pallavolo maschile" in the object and telling us about your previous volleyball experiences as well as your Student ID number, name, surname, phone number, role, the current degree you are studying, in addition to what year of the course you are in.

NEW FEMALE VOLLEYBALL TEAM:

For the next competitive season, Bocconi Sport Team has a new project for a female volleyball team. The aim is to build a competitive team made up of Bocconi University students, to participate in the female FIPAV championship.

Do you want to be part of this project? Tell us about your interest via email to the following address: alberto.biffi@unibocconi.it specifying "pallavolo femminile" in the object and telling us about "your previous volleyball experiences as well as your student id number, name, surname and the current degree you are studying, in addition to what year of the course you are in."

MALE FIVE-A-SIDE SOCCER

For the next competitive season, we are looking to insert new players to improve our team. The five-a-side soccer team is looking for players of any position (goalkeepers, center backs, full backs and pivots).

The training sessions will start from September, in order to be ready to participate in the first official matches (serie C2 and Coppa Lombardia) that are set to start towards the end of September. Besides the preparatory phase that will require a more consistent commitment, the training sessions during the whole season will be every Monday evening, in the Forza e Coraggio Sports Centre in Via Gallura 8 (indoor training grounds, not far from the university), whilst the matches are usually set on Friday evenings, except for away matches that will be on Thursdays.

Because of the high level of the championship we are looking for experienced five-a-side competitive players or players from 11-a-side soccer who are willing to learn this new way of playing. To be part of team it is absolutely necessary to participate in all training sessions, please keep in mind that the championship calendar isn't the same as the academic calendar and except for a brief interruption during the Christmas holidays the commitment will be constant from September to May.

All athletes interested in participating or who require further information can write to the following email sezionecalcio@unibocconi.it.

FEMALE FIVE-A-SIDE SOCCER

For the 2018-2019 season the 5-a-side female Bocconi Sport Team football team is going to take part in a championship that will go on for the whole academic year, from October to May.

In addition to the official games, training sessions will be held once or twice a week, at the Forza e Coraggio Sports Centre in Via Gallura 8 (indoor training grounds, not far from the university) or at the UniFit playing field in the Bocconi campus (in Via Bocconi, 12- an outdoor field with synthetic grass).

The invite to participate is addressed to all female students and graduates who are interested, regardless of the fact they have ever had experience or not. The requirements are a good predisposition towards sporting activities, enthusiasm and reliability but above all the availability to learn the techniques of a sport that is very different to 11-a-side soccer.

All athletes interested in participating or who require further information can write to the following email sezionecalcio@unibocconi.it.

11-A-SIDE SOCCER

For the 2018-2019 academic year training sessions will start in September and will be weekly or bi-weekly (Monday and Wednesday evenings), depending on the different phases of the season, with a heavier work load in the first part. The training sessions will be at the Forza e Coraggio Sports Centre (in Via Gallura 8, Milan), on a synthetic grass field. The new players will be inserted into the old team and we require about ten players to complete the team. It is preferable but not necessary for the players to have had previous experience, as we are trying to improve our great third place position in the 2017-2018 championship.

The level of commitment is not as great as the one required for a federal championship as the calendar partially takes into consideration the academic commitments of the players, for example there are brief pauses to the championship during exam seasons. The selection of new players will be held during the months of September-October in two specialized sessions that aim to identify the best players on a technical and athletic level but also athletes who can guaranty dedication to the commitment in order to obtain good results.

All athletes interested in participating or who require further information can write to the following email sezionecalcio@unibocconi.it.

TRACK AND FIELD: NEW ATHLETES FOR 2018/19

Bocconi Sport Team athletics group is looking for new students to be included in the middle distance and road running team. For 2018/2019 season appointments, both local and regional races, we intend to increase our team of athletes ready to represent Bocconi Sport Team and to achieve new satisfactions. The two weekly workouts, every Monday and Wednesday at Forza e Coraggio track, via Gallura 8, will give all participants the opportunity to improve their performance and defend blue/orange colors. Anyone who would like to be member of the track and field group or wants more information can write to bocconisporteam@unibocconi.it.
