

Chinese Language Certificates

Chinese language certificates recognized by the Language Center can be registered in the study plan as additional exams (4 credits in addition to 120/180/300 credits).

Students who wish to register them **must pass both the written examination HSK and the associated oral examination HSKK**. By the score for the written and the oral, you get the final mark out of thirty. The final score is calculated as follows: 75% written part + 25% oral part. When the result score is expressed to decimal places, the result is rounded up when the decimal place is greater or equal to 0,5.

The written examination and oral examination correspond to two independent certifications provided separately.

The certificate's level registered in the study plan is the same level of the written examination (HSK).
