

UNIVERSITA' COMMERCIALE "LUIGI BOCCONI"

Public competition for the admission to PhD programs

The Rector

in compliance with the law and the rules and regulations of the University¹

decrees as follows:

Article 1: PhD PROGRAMS

The 2024-25 PhD programs' portfolio of Università Commerciale "Luigi Bocconi" includes 5 full-time programs (XL Cycle).

The present call concerns the PhD in **SOCIAL AND POLITICAL SCIENCE** (4 years; in English).

A further call might occur in case Bocconi can benefit from additional external funds.

Article 2: PLACES AND FINANCIAL CONDITIONS

The enrollment of the qualified candidates (as per art. 7) takes place under one of the following conditions:

1) with Bocconi fellowship:

1.A) based on merit

or

1.B) based on merit and financial conditions (see art. 12)

2) with merit-based tuition waiver covering up to 100% of tuition fees.

Note that PhD students are always required to pay the regional tax, as per current regulations (amount of regional tax: see art.12).

For 2024-25 cohort **5 Bocconi fellowships** and **1 full tuition waiver** will be made available.

Besides Bocconi fellowships, there might be fellowships funded by external donors (private or public institution)²:

- In case of "non ad personam financing" (no specific topic required for research activities), the donor signs an ad hoc agreement with Bocconi; in such case the number of Bocconi fellowships is increased before the publication of admission results; the external donor fellowship is managed as all other Bocconi fellowships (the recipient pays no tuition fees; replacement is possible in case the candidate declines the offer);
- in case of "ad personam financing", the candidate receives the financial support directly from the external donor (the recipient has to pay tuition fees; replacement is not possible).

¹ - Ministerial Decree (14 December, 2021 n. 226) and Ministerial Guidelines (22 March, 2022) regarding accreditation of Programs and Universities.

- Bocconi PhD Programs Handbook (published on Bocconi website).

- Deliberations of the PhD School Council, Academic Council and University Board- Executive Committee regarding programs to be offered in 2024-25.

² E.g., Government of the Country of origin of the candidate, or Foundations.

Article 3: STUDY AND RESEARCH ACTIVITIES

The selected PhD students will have to fulfil the requirements of the PhD program's study plan that are published on the [website](#).

The program requires full-time commitment with compulsory attendance.

Students can be authorized by the Program Director to temporarily study and do research in Italy and abroad in private and public bodies and institutions.

Article 4: REQUIREMENTS

Applications can be submitted by candidates of any citizenship who:

- have completed or are completing their graduate studies and
- have at least a "proven" B2 (CEFR) level of competence in English.

Graduate qualifications accepted:

- Italian degrees: second cycle degrees ("laurea magistrale");
- non-Italian degrees of equivalent level (eg. level 7 European Qualification Framework) recognised by the Admission Board.

Candidates whose Italian or non-Italian degree qualifications are still pending on the final application date can take part in the selection and will be admitted conditionally.

They must be awarded the required degree qualifications by 31st October 2024, or their enrollment will be void. Certifications of required qualifications must be produced by 10th December 2024.

Article 5: SELECTION DEADLINES

Application opening date	2 nd October 2023
Application closing date	16 th January 2024
PhD admission results – FIRST STEP: ranking for interviews (interview dates; personal email about admission or non- admission to interview)	by 21 st February 2024
PhD admission results –SECOND STEP: (personal email about admission result)	by 14 th March 2024

Article 6: APPLICATION

Applications - in English - shall be made online at <http://www.unibocconi.eu/admissionphd>.

In order to complete their application prospective students will have to:

- register in order to obtain Personal ID and password;
please note that Bocconi students already have the required credentials;
- enter the information in the spaces provided;
- upload some documents;
- submit the application.

Detailed instructions can be found at <http://www.unibocconi.eu/admissionphd>.

Prospective students are responsible for the information they enter and for the validity of the documents they upload. The University has the right to verify the information and the validity of the

documents provided and exclude the students at any time, even after completion of the enrollment procedure.

The online application procedure will be available from 2nd October 2023.

The application closing date is 16th January 2024.

This deadline is not negotiable.

Entering data and uploading documents:

Applicants can access the online procedure more than once.

- Entering data:

Applicants will enter data on each section, then click on SAVE for each section; data can be modified and then saved by clicking on SAVE.

- Uploading documents:

Applicants will upload documents on each separate section; if changes are required, an uploaded document can be replaced with a new document, which will be saved automatically, or cancelled if applicants want no document to be uploaded.

If more than one document needs to be uploaded, a zip file is to be created and then uploaded.

Submitting application:

First step:

Applicants must click on SUBMIT DATA only when no changes are needed in the DATA entered on each section. No data changes are allowed after clicking on SUBMIT DATA.

Second step:

Applicants must click on SUBMIT APPLICATION only when no changes are needed in each UPLOADS section. No data and/or uploads can be changed after clicking on SUBMIT APPLICATION.

In summary, applicants must click on SUBMIT DATA and SUBMIT APPLICATION **only** when they have finalized their application.

Applications are completed and can only be assessed after clicking on SUBMIT DATA and SUBMIT APPLICATION.

In order to close the application and be evaluated, the following documents (sections: personal details, language requirements, academic records) are strictly required:

- personal CV;
- documentary evidence of English language competence (except English native speakers): international certification / test, university or high school studies in English, ...;
- academic records;
- statement of purpose
- copy of international passport;
- passport format photo.

Documents of the remaining sections contribute to increasing the score in the final ranking.

Prospective students may apply for more than one PhD program using the same ID and password; however, if they apply for more than one program, separate online procedures shall be used.

Article 7: SELECTION CRITERIA

Admission is decided by the Admission Board, who will evaluate the suitability of the applicants for the program.

The Admission Board will first evaluate the suitability of the applicants' qualifications and, after a first step of selection, the Board will interview some candidates in order to better assess their qualifications (second step of selection).

The first step assessment is based on a candidate's:

- curriculum vitae (indispensable);
- academic records (indispensable);
- international graduate admission tests scores (GMAT or GRE);
- statement of purpose (indispensable);
- up to three reference letters.

The qualifications assessment criteria are as follows:

- a maximum of 50 points for the applicant's curriculum vitae and academic records;
- a maximum of 10 points for GMAT/GRE;
- a maximum of 40 points for statement of purpose and reference letters.

The Admission Board will interview (on-line) candidates who have obtained at least 70 points in the qualifications assessment.

The second step assessment is based on the on-line interview, whose maximum score is 30 points.

A candidate will be eligible for admission if he or she has obtained at least 70 points in the qualifications assessment and at least 20 points out of 30 in the interview.

By 21st February 2024 all the applicants will be sent a personal email to the address they provided on their on-line application in which they will be informed about their admission to the interview.

Each candidate will be able to access the on-line procedure by using their ID and password and find more information, in particular:

- if they have been admitted to the interview: points awarded and ranking;
- if they have not been admitted to the interview: points awarded.

The ranking of this public competition is published in compliance with data privacy laws on <http://www.unibocconi.eu/admissionphd> (privacy is guaranteed).

The purpose of the interview is to better assess candidates' qualifications, discuss their statement of purpose; test their aptitude for the program, ascertain their proficiency in English.

After completing the interviews, the Board will rank the applicants (see art.9).

“Ad personam” external fellowship (if any) See “**” note below the table	self-declaration of financial support by external donor, if any	document attesting ad personam financial support by external donor
--	---	--

(Notes):

- (*) Candidates must upload the certification of their degrees specifying: name of degree, home University, date of graduation, final grade (if any), exams taken and grades achieved. If the candidates have not completed their graduate studies, they must upload documents certifying: enrollment in a degree program, their full study plan, exams taken and grades achieved. Self-certification is allowed only for Italian and foreign candidates with Italian degrees. Documents sent by post, email or fax are not accepted.
- (**) Candidates notify their ad personam fellowship (if any) as soon as they have a document attesting it; it may occur at any time; therefore, the applicant fills in the on-line section, only in case he/she is sure to benefit from the fellowship before the deadline for application. Otherwise he/she will notify later (before or even after enrollment BUT WITHIN JULY 4th) by e-mail (gualtiero.valsecchi@unibocconi.it or barbara.contaldo@unibocconi.it). Financial support by external donors is not included in the assessment criteria, therefore it does not contribute to increasing the score in the ranking for admission results.

Article 9: RESULTS

Applicants are ranked according to merit.
The ranking will be confirmed by decree of the Rector.

The ranking is organized as follows:

ranking score	Status
100+30 (maximum 100 first step + maximum 30 second step) ...	# 5 candidates admitted "with confirmed Bocconi fellowship"
...	# 1 candidate admitted "with tuition waiver" with possible shift to "with fellowship"
...	# W candidates eligible for enrollment but in the waiting list with possible shift to "with tuition waiver" and even "with fellowship"
70+20 (minimum 70 first step + minimum 20 second step)	
Less than 70 (first step)	# K1 candidates not admitted (first step)
Less than 20 (second step)	# K2 candidates not admitted (second step)

Shifts to different status occur when higher ranked candidates decline the place offered. Candidates in the waiting list are offered a place if and when higher ranked candidates have declined the offer and on condition that there are still available places.

By 14th March 2024 each candidate will be sent a personal email to the address provided online in which information about the outcome of the application will be found.

Candidates will be able to access the online procedure using their ID and password, accessing more information, in particular:

- if their status is “with fellowship” or “with tuition waiver”: points awarded, ranking and financial conditions;
- if their status is “in the waiting list”: points awarded and ranking;
- if their status is “not admitted”: points awarded.

The ranking of this public competition is published in compliance with data privacy laws on <http://www.unibocconi.eu/admissionphd> (privacy is guaranteed).

Article 10: ENROLLMENT DEADLINES

top ranking candidates “with confirmed fellowship”	by March 29, 2024
replacement candidates “with fellowship”	By March 29, if notification within March 23 Within 7 days, if notification after March 23
candidate and replacement candidates “with tuition waiver”	At the end of enrollment of candidates “with fellowship” and within 7 days from final notification - July 4 th as a maximum

Please note that:

§ **Top ranking candidates admitted with fellowship** receive just one notification (admission result + deadline for enrollment).

They must enroll by 29th March 2024.

If they do not enroll by that date, they will automatically be considered to have declined the offer.

Candidates admitted with fellowship who intend to decline the offer should decline it well before the 29th March 2024 to allow replacement applicants to receive their offer as soon as possible.

§ **all the other candidates eligible for enrollment** receive at least two notifications: in the first one, they are notified about admission results; in the last one, they are notified about their final status and deadline for enrollment. In between, they are notified about change(s) of status (if any).

Candidates who intend to decline the offer should decline as soon as possible to allow replacement applicants to receive their offer.

If a student enrolled with fellowship withdraws, a further round of replacements will take place after the end of enrollments but before the PhD program begins, for the benefit of the student enrolled with tuition waiver.

Replacement of candidates is not allowed after the beginning of the first year of the program (1st September 2024).

Article 11: ENROLLMENT PROCEDURES

Enrollment takes place online (ENROLLMENT Section), using the ID and password provided at registration.

The following documents must be uploaded:

- 1) enrollment form, filled out and signed (the form can be downloaded from the online procedure);
- 2) only for enrolled students who had been admitted with payment of tuition fees: copy of receipt of first installment payment (€ 3,000).

Bocconi PhD programs imply a full-time commitment with compulsory attendance, therefore:

- during the first year of the PhD program it is not possible to be contemporarily enrolled in another program as contemporary enrolment would hinder an active and regular participation in the PhD academic activities;
- if, in the following years, students intended to enroll in another program (while still doing the PhD at Bocconi), they would promptly inform the Program Director so that the PhD Faculty Board can confirm the enrollment in the Bocconi PhD program (if deemed not compatible, the student will be asked to opt for one of the two programs).

Certification attesting awarding of the graduate degree³ is required to definitively finalize enrollment.

Certification can be:

- uploaded when enrolling via online procedure;
- delivered to PhD Administrative Center (PhD-AC) (by 10th December 2024).

In particular:

- + Italian degrees: certification issued by the awarding Italian University or self-certification;
- + non-Italian degrees:
 - UE countries and UK: certification in English issued by the awarding University;
 - non-EU countries: 1) certification in English issued by the awarding University; 2) diploma supplement or [CIMEA](#) certificate of comparability or other certification of value issued by ENIC_NARIC centres or “dichiarazione di valore”⁴ issued by the Italian Embassy or Consulate of the country where the degree was awarded.

Article 12: FINANCIAL MATTERS

Bocconi PhD Programs - Handbook (<https://www.unibocconi.eu/phds>) gives detailed information about:

- 1) fellowships, merit-based tuition waivers (granted for some PhD programs only) and tuition fees;
- 2) financial aid for PhD students, PhD candidates and fellows (remuneration for research assistantship and teaching assistantship/teaching; budget for study and research activities; financial support after completion of the last official year and for job market placement, ...).

In particular:

1) With reference to fellowships, merit-based tuition waivers and tuition fees:

Bocconi merit-based fellowships (see art. 2, 1.A of the present call) are awarded to the best ranked students, in relationship to the number of available fellowships.

The 4-year fellowships merit-based amount to € 20,000 per annum.

Fellowships can be renewed in the following years if the requirements to be admitted to the following year are met.

Income from the fellowship is tax free.

The amount of the fellowship is subject to INPS contributions (INPS = National Social Security Institute).

Part of contributions are borne by the University (currently 23,35%) and part by the student (currently 11.68%).

³ Name of degree program, level, University, graduation date, final grade (if any).

⁴ Document certifying the “level” of university studies (first level – undergraduate – level 6 EQF; second level-graduate – level 7 EQF; third level – post-graduate – level 8 EQF).

The amount of the student fellowship is gross; the part of contributions borne by the student is directly deducted from each monthly gross installment of the fellowship and transferred to INPS. **For study and research activities abroad** (at least one month, full months only) authorized by the PhD Program Director, **the fellowship is increased by 50%** of € 16,243 (ministerial amount) in proportion to the duration of the stay abroad and for a maximum total period of 12 months (saved exceptional cases provided for by the law).

Fellowships based on merit and financial conditions (art. 2, 1.B of the present call) are managed by ISU Bocconi, as per DPCM (Italian Prime Minister Decree) 9th April 2001, without prejudice to further modifications. Applications shall be sent to ISU Bocconi following the 2024-25 public competition instructions, which will be published at: www.unibocconi.eu/isu.

Tuition fees for students without fellowship and without tuition waiver amount to € 15,000 for year 1 and 2 and € 5,000 for year 3 and 4 to be settled as follows:

First and second year:

	DEADLINE	AMOUNT
1 st installment	date of enrollment (1 st year) 30 th November (2 nd year)	€ 3,000
2 nd installment	31 st December	€ 6,000
3 rd installment	31 st March	€ 6,000

Third and fourth year:

	DEADLINE	AMOUNT
1 st installment	30 th November	€ 1,000
2 nd installment	31 st December	€ 2,000
3 rd installment	31 st March	€ 2,000

Bocconi University will not refund the tuition fees paid by students who enrolled and then withdrew; tuition fees will be refunded only to enrolled students who replace a withdrawn student who had been awarded a fellowship or a merit-based tuition waiver.

2) With reference to financial aid:

PhD students may work part time and be paid for the following activities:

- **research assistantship** from the second year (as an exception, during the first year, subject to Dean's approval);
- **teaching assistantship /teaching** from the second year.

These activities must be previously authorized by the PhD Director, as students are above all committed to their PhD research and activities.

Moreover:

- all PhD students (with and without fellowship) are granted a **research contract (min 7,000 € and maximum, based on merit, 17,000 €; gross amount) to cover the "PhD candidate period"** (from the end of year 4 to thesis dissertation).
- in compliance with Italian law, all PhD students (with and without fellowship) are provided with an annual **budget (1,650 € per year) for "study and research activities"** (the use of the budget is always subject to the Program director approval).

The **1st year budget** is earmarked to the acquisition of a **laptop** that will be given to the student as of the start of the 2nd year (no return at PhD conferral).

The budget of the following years (2nd, 3rd and 4th year) is meant to allow the purchase of services and goods to support study and research activities.

- all PhD students (with and without fellowship) are offered by the PhD School a financial support for placement (i.e. travel expenses to relevant events and workshops). The PhD School offers training and procedural support to be successfully placed on the job market (Academia) (PhD students are given the opportunity to attend conferences to present their papers, meet scholars of other universities and participate in job markets events).
- PhD students also benefit from a Health Insurance Policy subscribed by Bocconi which covers accidents when involved in work-related activity at Bocconi and when travelling (the travel must be previously authorized by the Program Director).

All PhD students (with fellowship, with tuition waiver and paying students) are required to pay the current annual regional tax of € 140, whose amount may be modified by law at a later date.

Article 13: MORE INFORMATION ON PhD PROGRAMS

More detailed information about:

- PhD program attendance and evaluation;
