12. Topics in Quantitative Finance
13. Topics in Structuring

The selection process (I): our ideal candidate

We look for:

- Talented and motivated individuals, wishing to pursue a career in the field of applied finance and ready to dedicate 12 months of a challenging and intense study to the achievement of this goal;
- Candidates with:
 - a) an Economics degree with good quantitative skills, or a scientific degree (Physics, Mathematics, Engineering, Statistics, Computer Science)
 - b) a strong interest in financial and quantitative analysis
 - c) no working experience or a limited working experience

The selection process (II): entry requirements

- have a *three-year degree* (i.e. 'Laurea Triennale', Bachelor of Arts, Bachelor of Science) or higher education (i.e. 'Laurea Magistrale', Master of Science, 4-year or 5-year Degree) in economics (Economics, Finance and Banking, Business or Management...) or non economics quantitative subjects (Mathematics, Physics, Statistics, Engineering...), received from an Italian or a non-Italian university
- submit your GMAT (Graduate Management Admissions Test) / GRE (Graduate Record Examinations) score or, alternatively, take the Bocconi Test

The selection process (III)

- To select the class, a relative ranking will be built, taking into account that the target class dimension is between 30 and 40 students.
- Given the heterogeneous backgrounds of the applicants, the tests «GMAT», «GRE» and «Bocconi» play a relevant role in the selection process

When to apply / Deadlines

REGULAR APPLICATIONS

by **MAY 31st**

(submissions from April 2nd)

BOCCONI TEST will take place on

JUNE 11th

Interviews with candidates, if necessary, will follow

Successful applicants will be notified by early July 2021

My Application / Application process

1. **A copy of your University official transcript(s)** (in Italian or in English). Transcripts should include a comprehensive record of completed courses and grades.
2. **You are required to submit one of these tests: GMAT / GRE official score report.** Please note: we cannot accept an application without a score report (it may take up to 10 days to receive it). Alternatively, you can sit for **Bocconi Test**.
3. **CV** (in English), (one-page preferably).
4. **Personal statement** (in English). Please note: max length is one page/one page and a half.
5. **One passport-sized photo.**
6. **A copy of your passport** or 'carta di identità'.
7. **A copy of your application fee payment receipt.**

Additional documents:

- Reference letter(s)
- English language certificate (IELTS, TOEFL, Cambridge FCE, CPE, CAE)

Bocconi Test / Online (I)

- Bocconi Test will be **online**.
- To register for the test, you need to **select the Bocconi Test box** during the application process on My Application.
- It will consist of **70 questions** (completely in **English**) to be answered in **70 minutes**.
- It is divided in **4 subject areas**: Reading and comprehension, Logic, Mathematics, Numerical reasoning.
- You must use a PC or MAC (no tablet/smartphones). You will need a good connection to the internet, a webcam and a microphone.
- Online Bocconi admissions tests are held through a specific web testing platform, implemented with **the Respondus® proctoring system**.
- Access to the web testing platform requires a username and password. These will be provided to students via email in the days just before the test with all the instructions and the steps required to install the proctoring system.
