

LECTIO INAUGURALIS ENDOWED ASSOCIATE PROFESSORSHIP IN ECONOMIC ANALYSIS OF CRIME

18 NOVEMBER 2019
5:30PM

Bocconi University
Aula Magna
Via Gobbi 5

Organized crime and political corruption are the major obstacles to human and social development in Italy as well as in many other regions of the world. These two phenomena are intimately related, as the economic and military power of criminal organizations allows them to corrupt and threaten politicians and public officials. The newly established Endowed Associate Professorship in Economic Analysis of Crime will promote evidence-based and policy-oriented research on such phenomena among Bocconi's faculty and students.
