### Article 6: SELECTION CRITERIA

Admission is decided by the Admission Board, who will evaluate the suitability of the applicants for the program.

The Admission Board will first evaluate the suitability of the applicants’ qualifications and, after a first step of selection, the Board will interview some candidates in order to assess their aptitude for research in the program’s subjects (second step of selection).

The assessment is based on a candidate’s:
- curriculum vitae;
- academic records (including thesis’ abstract);
- statement of purpose;
- research proposal;
- up to two reference letters;
- other relevant documents (e.g. publications).

The qualifications assessment criteria are as follows:
- a maximum of 50 points for the applicant’s curriculum vitae, academic records and thesis’ abstract;
- a maximum of 40 points for statement of purpose, research proposal and reference letters;
- a maximum of 10 points for other relevant elements.

The Admission Board will interview candidates who have obtained at least 70 points in the qualifications assessment.

A candidate will be eligible for admission if he or she has obtained at least 70 points in the qualifications assessment and at least 20 points out of 30 in the interview.

By 20th February 2020 all the applicants will be sent a personal email to the address they provided on their on-line application in which they will be informed about their admission to the interview.

Each candidate will be able to access the on-line procedure by using their ID and password and find more information, in particular:
- if they have been admitted to the interview: points awarded and ranking;
- if they have not been admitted to the interview: points awarded.

The ranking of this public competition is published in compliance with data privacy laws on [http://www.unibocconi.eu/admissionphd](http://www.unibocconi.eu/admissionphd) (privacy is guaranteed).

Interviews may be held by communications technology which does not require the physical presence of the applicant.
The purpose of the interview is to better assess candidates’ qualifications; discuss their research proposal (relevance, international approach, issues involved) and their publications, if any; test their aptitude for the program; ascertain their proficiency in English and other foreign languages (when only self-certified), and ascertain their competence in a subject of their choice, which is part of the PhD curriculum.

After completing the interviews, the Board will rank the applicants.

Please note that:

§ **Top ranking candidates admitted with fellowship** receive just one notification (admission result + deadline for enrollment).

They must enroll by 26th March 2020.

If they do not enroll by that date, they will automatically be considered to have declined the offer.

Candidates admitted with fellowship who intend to decline the offer should decline it well before the 26th March 2020 to allow replacement applicants to receive their offer as soon as possible.

§ **all the other candidates eligible for enrollment** receive at least two notifications: in the first one, they are notified about admission results; in the last one, they are notified about their final status and deadline for enrollment. In between, they are notified about change(s) of status (if any).

Candidates who intend to decline the offer should decline it as soon as possible to allow replacement applicants to receive their offer.

If students enrolled with fellowship or with merit-based tuition waiver withdraw, a further round of replacements will take place after the end of enrollments but before the PhD program begins, for the benefit of students enrolled with tuition waiver and with payment of tuition fees.
Replacement of candidates is not allowed after the beginning of the first year of the program (1st September 2020).

**Article 10: ENROLLMENT PROCEDURES**

Enrollment takes place online (ENROLLMENT Section), using the ID and password provided at registration.

The following documents must be uploaded:
1) enrollment form, filled out and signed (the form can be downloaded from the online procedure);
2) only for enrolled students who had been admitted with payment of tuition fees: copy of receipt of first installment payment (€2,000).

Students enrolled in a PhD program may not enroll in other University programs, unless they suspend their studies in one of the two programs, as per “PhD Programs - Handbook”.

Certification attesting awarding of the degree is required to definitively finalize enrollment. Certification can be:
- uploaded when enrolling via online procedure;
- delivered to CADES – Centro Amministrativo Dottorati ed Esami di Stato (by 9th November 2020).

In particular:
+ Italian degrees: certification issued by the awarding Italian University or self-certification;
+ non-Italian degrees:
  - UE countries: certification in English issued by the awarding University;
  - non-EU countries: 1) certified translation into Italian of the degree 2) “legalization” issued by the competent authorities 3) “dichiarazione di valore” issued by the Italian Embassy or Consulate of the country where the degree was awarded.

Please note that Consulates are competent to give full assistance on this matter.

**Article 11: FINANCIAL MATTERS**

Bocconi PhD Programs - Handbook ([https://www.unibocconi.eu/phds](https://www.unibocconi.eu/phds)) gives detailed information about:

1) fellowships, merit-based tuition waivers (granted for some PhD programs only) and tuition fees;
2) financial aid for PhD students, PhD candidates and fellows (remuneration for research assistantship and teaching assistantship/teaching; budget for research activities; financial support for job market placement, ...).

In particular:

3 Name of degree program, level, University, graduation date, final grade (if any).
4 Document certifying the authenticity of the degree
5 Document certifying the “level” of university studies (first level – undergraduate; second level- graduate; third level – post-graduate).
Bocconi merit-based fellowships (see art. 2, 1.A of the present call) are awarded to the best ranked students, in relationship to the number of available fellowships. The fellowships merit-based amount to **€ 20,280 per annum** (before social security-INPS contributions) **in year 1** and to **€ 15,343 per annum** (before social security-INPS contributions) in year 2 and 3. The amount of the fellowship is higher when students are fully dedicated to coursework; it is lower in the following years as the income can be supplemented by contracts as teaching assistants and/or research assistants; moreover in year 2 and 3 students are provided with a budget for research activities (see below).

For periods of time spent abroad, the fellowship will be increased by 50% of € 15,343, the minimum amount stated by law, in proportion to the duration of the stay abroad, which in any case cannot exceed a total of 18 months.

Income from the fellowship is tax free.

All PhD students (with fellowship, with tuition waiver and paying students) are required to pay the current annual regional tax of € 140, whose amount may be modified by law at a later date.

Fellowships cannot be added on to other fellowships of any kind except those granted to students who are required to spend time abroad by domestic or foreign institutions.

Fellowships based on merit and financial conditions (art. 2, 1.B of the present call) are managed by ISU Bocconi, as per DPCM (Italian Prime Minister Decree) 9th April 2001, without prejudice to further modifications. Applications shall be sent to ISU Bocconi following the 2020-2021 public competition instructions, which will be published at: [www.unibocconi.eu/isu](http://www.unibocconi.eu/isu).
